Subject: **NPDES Permit No. TN0081094**
Clarksville Marina and Fairground Project
Clarksville, Montgomery County, Tennessee

Dear Mayor Piper:

This letter is to inform you the Division of Water Pollution Control (division) is terminating the above referenced permit application effective March 28, 2011. The division received your request to withdraw the application for an Individual Construction permit, in reference to the above project, on March 22, 2011. This request referenced correspondence from the division's Enforcement and Compliance Section dated November 23, 2010, which stated that "site conditions are substantially in compliance with the terms and conditions of the Tennessee General Permit for Storm Water Discharges Associated with Construction Activity issued for construction activities at this site." It was determined that coverage under an individual construction permit was no longer necessary.

If you have questions, please contact the division at the Nashville Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Ms. Erin O'Brien at (615) 253-2245 or by E-mail at Erin.O'Brien@tn.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "V. Janjic", is written over the typed name.
